

PANTA RHEI

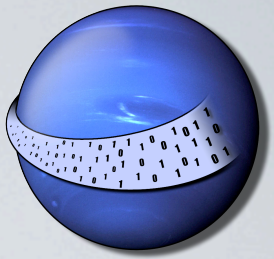

THEMEING

KWARC EARLY RESEARCH EXPERIENCE

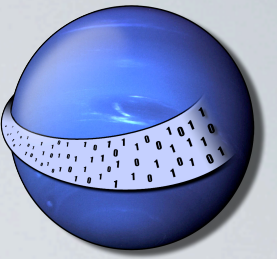

THEMEING

KWARC EARLY RESEARCH EXPERIENCE

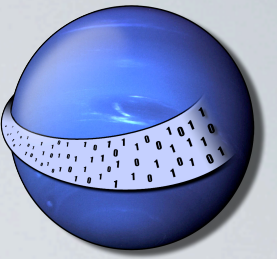

ROADMAP

1. Define a “Corporate Identity” according to the designed template
2. Install the Zen Startertheme
3. Start customizing the startertheme by changing the general appearance:
 - a. Sizes
 - b. Logo
 - c. Header
 - d. Navigationbar
 - e. General content adjustments (font, font-size, font-color, etc.)

ROADMAP II

4. Checking appearance and style of modules (for example Forums)
5. Defining changes for the modules
6. Creating templates (again based on the startertheme)
7. First Try on Panta Rhei (not copy)

REQUIRED KNOWLEDGE

1. Photomanipulation and Layouting software (GIMP, Photoshop, etc.)
2. CSS
3. PHP
4. Drupal

Welcome to Panta Rhei, the Active Course Site at Jacobs University

Panta Rhei is a course system based on the social semantic web (aka Web3.0), it uses semantic features to make the course materials more interactive and allows students to discuss course materials, retrieve information, and customize their learning experience.

As Panta Rhei is developed by the [KWARC Research Group](#) here at at Jacobs University, our students directly get the latest and greatest technologies.

In order to login, use the panel on the left; please use your [campus.net](#) account and password.

Panta Rhei is your resource, so make good use of it. Please respect Jacobs etiquette and academic integrity in all your interactions with Panta Rhei.
